

# Dasom Choi

PhD Candidate • HCI Researcher

[dasomchoi@kaist.ac.kr](mailto:dasomchoi@kaist.ac.kr)

[www.dasomchoi.com](http://www.dasomchoi.com)

## RESEARCH INTERESTS

Human-Computer Interaction (HCI), Human-AI Interaction, Human-centered Design, Accessibility, Inclusive AI, People with disabilities, Neurodiverse population, Participatory design

## EDUCATION

|                       |                                                                                                                                                                   |

## WORK & RESEARCH EXPERIENCES

- Mar. 2024 -                    **NAVER AI LAB**, HCI TF  
PhD Research Intern  
Project: Developing a Large Language Model-Based Augmentative and Alternative Communication System to Support Communication Between Autistic Children and Parents  
Mentor Dr. [Young-Ho Kim](#)
- Oct. 2021 - Feb. 2022                    **KAIST**, Data Interaction Design Lab  
Research assistant  
Project: Understanding algorithmic experience of content creators with disabilities and their perceived fairness  
Advisor: Hwajung Hong
- Jan. 2021 - May.2021                    **SI-Analytics**, Daejeon, Republic of Korea  
UX designer  
Designed a UX/UI of a system that detects objects in satellite images using algorithms.
